

## 2008 SVJFAC Football Registration

Welcome to registration for the 2008 football season. We are glad you want to play football with us and this sheet will guide you through the registration process. If you have questions please ask a board member or coach. Also, we have a frequently asked questions section on our web site <http://www.svjrfac.org> that you can refer to for most of your questions.

### Forms You Must Complete / Review By Registration

**Registration Form** – please complete the form in its entirety. Make your check payable to SVJFAC for your registration balance due.

**Parent Expectations Form** – Read and understand the expectations of the parents and children in SVJFAC

### Forms You Must Have Completed Before Equipment Handout

Equipment will not be handed out to any player without all completed forms.

**Medical Release Form** – This form identifies your insurance coverage and authorizes SVJFAC to seek medical treatment for your child should they be injured and we cannot find their parents.

**Health and Fitness Evaluation Form** – Complete the top two sections of the form before taking it to your child's doctor for the physical examination. Any physical completed after December 1, 2007 will be valid for the 2008 season provided the doctor signs-off on the form. We must have the physical form prior to your child being able to participate in practice.

**Information Release Form** – This form gives SVJFAC permission to publish pictures and certain information about your child in game photos, web site pictures, team directories, etc.

### Registration Process

Please be sure to complete these tasks before leaving registration today. You are responsible for ensuring all items are properly addressed.
